DATA CHALLENGE 5.0 2026

OFFICIAL SCORING RUBRIC OVERVIEW (FOR PARTICIPANTS' REFERENCE)

Each project will be evaluated based on the following key components:

COMPONENT	WEIGHTAGE
Infographic Poster	15%
Dashboard	25%
Project Presentation	50%
Impact & Relevance	10%
Total	100%

(A) INFOGRAPHIC POSTER

NO.	CRITERIA	EXPLANATION
1.	**Accuracy of Information & Analysis**	• The data presented should be accurate and well-analyzed. • Claims must be supported with evidence from reliable sources. • Avoid misinterpretations, or incorrect data.
2.	**Data Visualization**	• Use appropriate charts, graphs, and visual aids to enhance understanding. • Visuals should be **clear, properly labeled, and easy to interpret**.
3.	**Creativity & Design**	• The infographic should be well-structured, readable, and aesthetically appealing.

		• The use of colors, fonts, and layout should enhance, not distract from, the content. • Balance between creativity and professionalism is essential.

(B) DASHBOARD

NO.	CRITERIA	EXPLANATION
1.	**Depth of Data Analysis**	• The dashboard should provide meaningful insights, not just display raw data. • Data interpretation should be logical, clear, and well-supported. • Use appropriate statistical or analytical techniques to derive insights.
2.	**Usability & Interactivity**	• The dashboard should be easy to navigate and interact with. • Users should be able to filter, drill down, or explore data efficiently. • Poor interactivity (e.g., submitting in PDF only) may affect scores.
3.	**Visual Quality**	• Charts and graphs should be **clear, well-organized, and visually appealing**. • Colors and themes should be used effectively to enhance readability. • Ensure consistency in font size, spacing, and layout.

DATA CHALLENGE 5.0 2026

(C) PROJECT PRESENTATION

This section evaluates both the **Project Summary Slides** and the **Video Presentation.**

NO.	CRITERIA	EXPLANATION
	Project Summary Slides	
1.	**Introduction**	• The introduction/project background should provide a **clear and concise overview** of the issue or problem your project aims to address. • Explain the **relevance and significance** of the topic — why is this issue important in today's context? • Clearly show how your project **aligns with the selected Sustainable Development Goal (SDG)** and **Program Theme.**
2.	**Objectives**	• Clearly state the research/project objectives. • Objectives should be **specific, measurable, and relevant** to the problem. • Explain why these objectives are important and how they guide the project.
3.	**Methodology & Data Collection**	• Describe the approach used to **analyze data and draw conclusions.** • The methodology should be **logical, appropriate, and justified.** • Explain data sources, tools, and techniques used.
4.	**Analysis & Results**	• Present findings in a **clear and structured manner.** • The results should be well-supported by data and visualized effectively. • Ensure results align with the objectives.

5.	**Conclusion**	• The conclusion should align with the results and discussion. • It is structured, concise, and delivers a clear, impactful message that effectively summarizes key insights.
Video Presentation		
6.	**Presentation Skills & Video Impact**	• The presenters should **speak clearly, confidently, and with good engagement.** • The video should be **well-produced, with good pacing, audio, and visuals**. • Avoid monotonous delivery—make the presentation engaging and impactful.
7.	**Video Presentation Flow & Content**	• **Participants are encouraged to present their video using their own creativity.** However, the content **must remain consistent** with the Project Summary Slide that has been submitted. • The presentation should have a **clear and logical structure** from start to finish, effectively guiding the viewer through each part of the content. • Ensure **smooth and coherent transitions** between sections, so that ideas are well-connected and easy to follow. • The video should be **concise yet comprehensive** — avoid unnecessary details, but ensure the explanation is thorough enough to fully convey the topic and demonstrate a solid understanding.
8.	**Overall Creativity & Innovation**	• The presentation should be **original, innovative, and visually appealing.** • Creative storytelling or unique approaches to presenting data are encouraged. • Avoid generic, copy-paste styles—showcase a fresh perspective.

DATA CHALLENGE 5.0 2026

(D) IMPACT & RELEVANCE

NO.	CRITERIA	EXPLANATION
1.	**Alignment with Theme & Relevant SDGs**	• The project should clearly relate to the **competition theme and relevant SDGs**. • **SDG 3:** Good Health and Well-being • **SDG 4:** Quality Education • **SDG 8:** Decent Work and Economic Growth • **SDG 12:** Responsible Consumption and Reduction • Demonstrate how the research connects to global or societal challenges.
2.	**Real-World Impact**	• Explain how the findings could benefit **individuals, organizations, or industries.** • If applicable, suggest how the project could be expanded or implemented in real-life situations.

Reminders :

- **A 10% penalty will be imposed on teams whose project components are found to be inconsistent or not aligned with the overall project theme.**
- **A 10% penalty will also be imposed for late submissions, based on the official submission deadline.**

Final Notes for Participants:
This rubric provides a structured guide to help participants understand the evaluation process. While the specific scoring details remain confidential, focusing on the outlined key aspects will help you create a high-quality, well-rounded project.
